PROFESSIONAL SUMMARY

Senior Full Stack Developer with 8+ years of experience building scalable web applications, SaaS platforms, dashboards, REST APIs, payment systems, and high-performance backend services. Strong expertise in PHP Native, Laravel, Node.js, React.js, Vue.js, TypeScript, MySQL, PostgreSQL, MongoDB, Docker, CI/CD, and cloud deployment. Proven ability to lead teams, improve performance, reduce production bugs, and deliver clean, secure, maintainable software aligned with business goals.

TECHNICAL SKILLS

BACKEND

Native PHP, Laravel, Node.js REST APIs, Auth, Queues

FRONTEND

React.js, Vue.js, TypeScript JavaScript, TailwindCSS, UI

DATABASES

MySQL, PostgreSQL, MongoDB Indexing, Query Optimization

DEVOPS

Docker, CI/CD, GitHub Actions AWS, Nginx, Linux/VPS

ARCHITECTURE

Clean Architecture, SOLID Microservices, SaaS, Tenancy

QUALITY

PHPUnit, Laravel Dusk, Jest API Testing, Code Reviews

CAREER HIGHLIGHTS

30%

Reduced production bugs by enforcing Clean Code, SOLID, reviews, and testing.

25-30%

Improved database and query performance using indexing and refactoring.

99%+

Supported successful payment gateway transactions and checkout reliability.

PROFESSIONAL EXPERIENCE

Team Lead Backend Developer

handOne Company | Remote | Nov 2023 - Feb 2026

- Led a backend engineering team delivering scalable, secure, high-availability platforms using PHP, Laravel, REST APIs, queues, and database optimization.
- Designed and optimized advanced MySQL structures, reducing query latency by 25% and improving consistency and throughput.
- Managed API architecture, documentation, integrations, and payment gateways with 99%+ transaction success.
- Enforced Clean Code, SOLID, reviews, and testing practices, reducing production bugs by 30% and improving development efficiency.
- Mentored developers through code reviews and weekly sessions while collaborating with Product, Frontend, and QA teams.

Senior Backend Developer

Astro Company | Part-Time Remote | Nov 2023 - Apr 2024

- Built and improved high-traffic Laravel applications with focus on scalability, security, performance, and API reliability.
- Optimized MySQL schemas and queries, achieving around 25% improvement in response times.
- Delivered payment gateway integrations and seamless API communication with frontend and mobile teams.

Senior Backend Developer

ALWessam Company | Full-Time Remote | Aug 2022 - Oct 2023

- Directed backend development for scalable Laravel web applications, dashboards, and business systems.
- Reduced database query times by 30% through query refactoring, indexing, and database design improvements.
- Mentored a team of 5 developers and improved quality through PHPUnit, Laravel Dusk, and code-review standards.

PROFESSIONAL EXPERIENCE - CONTINUED

Senior Backend Developer

Matrix Cloud, Egypt | Cairo, Egypt | Jul 2019 - Aug 2022

- Architected RESTful APIs and backend services using Laravel for high-traffic web and mobile applications.
- Applied SOLID principles, design patterns, Redis caching, queues, events, workers, JWT, OAuth2, Passport, and Sanctum.
- Automated deployments using Docker, GitHub Actions, AWS EC2/S3/RDS/CloudWatch, Sentry, monitoring, and logging pipelines.

Backend Developer

Progmune Company | Cairo, Egypt | Jan 2019 - Jun 2019

- Contributed to backend feature development, API implementation, database tasks, and Laravel-based project delivery.

Junior PHP Developer

BSS Group / We Oryx Company | Bani Sweif, Egypt | Feb 2018 - Jan 2019

- Assisted senior developers in building PHP and Laravel features while gaining hands-on experience with APIs, databases, and server operations.

SELECTED PROJECT TYPES

SaaS & Business Systems

Multi-tenant platforms, admin dashboards, subscription systems, CRM/ERP-like modules, reporting, and role-based access control.

APIs & Integrations

REST APIs for web/mobile apps, payment gateways, authentication, notifications, queues, workers, and third-party service integrations.

EDUCATION, LANGUAGES & CERTIFICATIONS

EDUCATION

Bachelor of Arts
Geographic Information Systems (GIS), 2013

LANGUAGES

Arabic: Native English: Very Good

CERTIFICATION

PHP Framework Certification Zwar, Egypt, Bani Sweif
